

# QMC-CLAMPM4

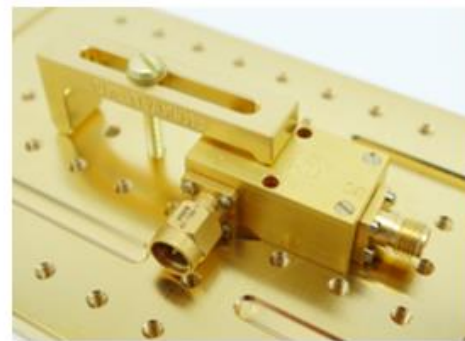

## Cryogenic Breadboard Clamp with metric M4 Screw

### Key Features

- Cryogenic compatible clamp for mounting components up to ½ inch thick.
- Clamp great for times when mounting components which have incompatible screw threads or incorrect hole positions.
- Each set includes 4 clamps and 4 brass metric M4 screws and washers.
- Good for clamping components to mixing chamber flanges of dilution refrigerators with M4 metric screw holes
- Completely non-magnetic
- Durable nickel free 30 microinches hard gold plating
